

Second Grade

Hello, my name is Suzette Gibson. This is my 14th year teaching at St. Peter's. I am originally from Pittsburgh, Pennsylvania and a graduate of the University of Pittsburgh. I earned my Masters degree in Education through Notre Dame University of Maryland and maintain certification as a State of Maryland educator.

Suzanne Leginze is our wonderful second grade aide. Between the two of us we have had 5 children attend St. Peter's School and have a strong commitment to the education of its students. We both feel extremely blessed to be involved in the second grade family this year. Our goal is to work with each and every student to help them achieve their greatest potential and learn new skills and build a strong foundation for future success. Second graders are also blessed to be preparing for their sacraments of Reconciliation and First Communion this year. We look forward to sharing our success with you this year so, check back often to hear what we are up to. We would also love to have you share your time, talent, and ideas with our class. Please feel free to contact me with any questions or comments at school2@stpeterswaldorf.org.

Welcome Back to the Second Grade Kingdom!

We are so excited to share our summer adventures with each other! Our first project was to complete our own passports to share what we did over the summer. Now we are on our way to learning new things and having many adventures in second grade.

Second Grade is
class goal for the Race
us on Columbus Day to

determined to reach our
for Education! Come join
enjoy our fun day!

We are excited to have many visitors in our class this year to share their jobs with us so we can learn how Science, Technology, Engineering, and Math will help us when we grow up. Our first visitor will teach us all about seeds. We will all get a bag of seeds to take home and grow for ourselves! Then the Zoo will be visiting *us* in October to teach us about animals and their habitats. We will get to actually hold and touch some of the zoo animals! We also heard a rumor that we may be getting to plant our own garden this fall...Wow!

Check back to see how we did!
