

Mrs. Holm  
Middle School  
Math Teacher

Our middle school students show us how brilliant they are every day in math class. I appreciate their diligence and willingness to learn together. We can do all things through Him who strengthens us. Amen!

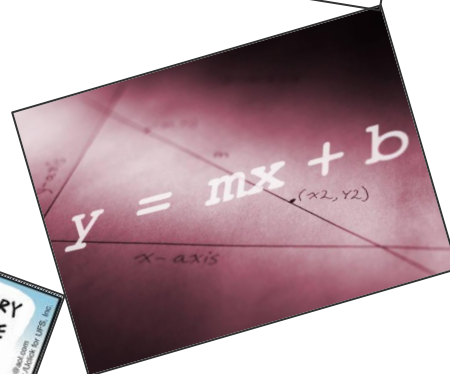

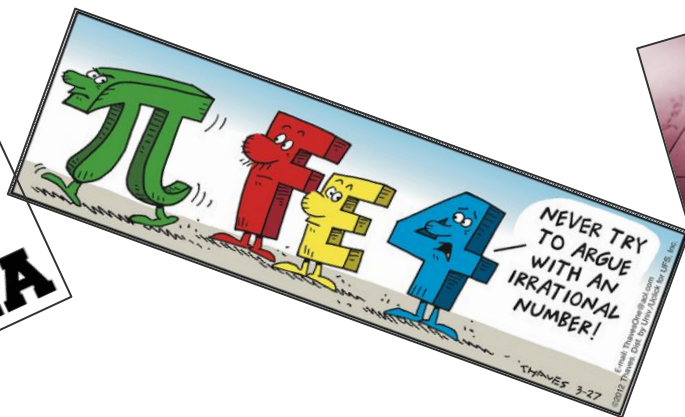

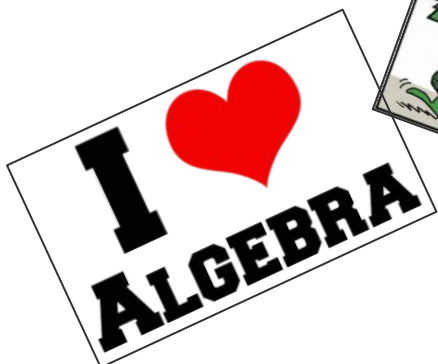

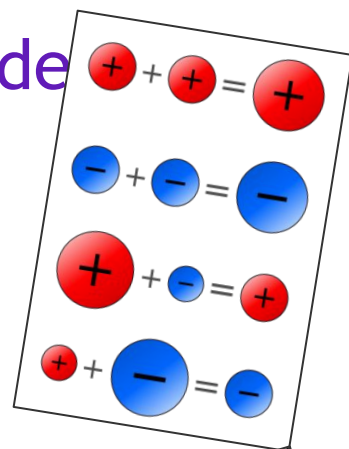

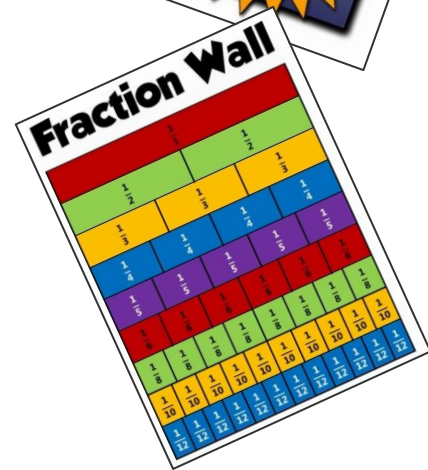

# WHAT ARE WE LEARNING ABOUT THIS WINTER/SPRING?

## 6<sup>th</sup> Grade

- Equations
- Integers
- Number Theory and Fractions
- Fractions: Addition, Subtraction, Multiplication, and Division

## 6<sup>th</sup> Grade Accelerated/7<sup>th</sup> Grade

- Rational Numbers: Fractions
- Ratios and Proportions
- Percent and Consumer Application
- Data Analysis and Statistics

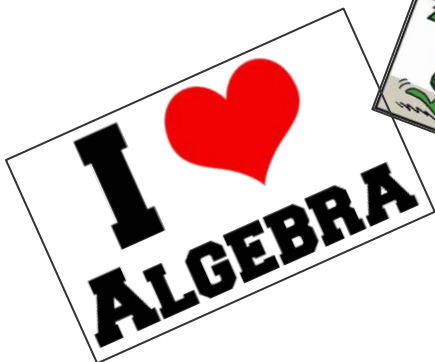

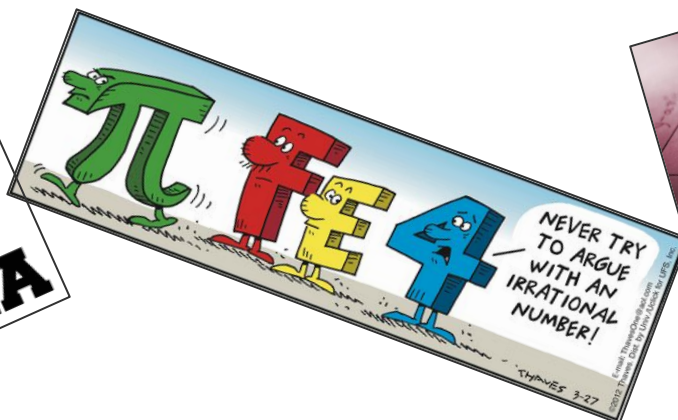

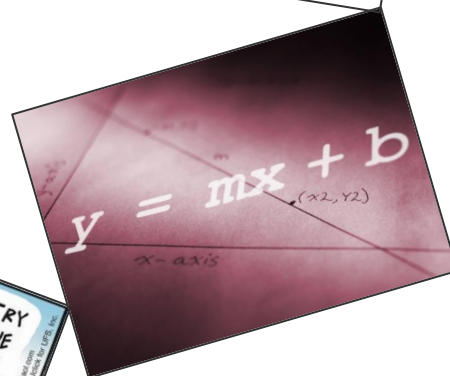

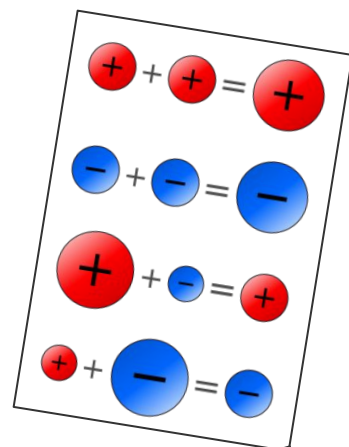

# WHAT ARE WE LEARNING ABOUT THIS WINTER/SPRING?

## 7<sup>th</sup> Grade Accelerated/8<sup>th</sup> Grade

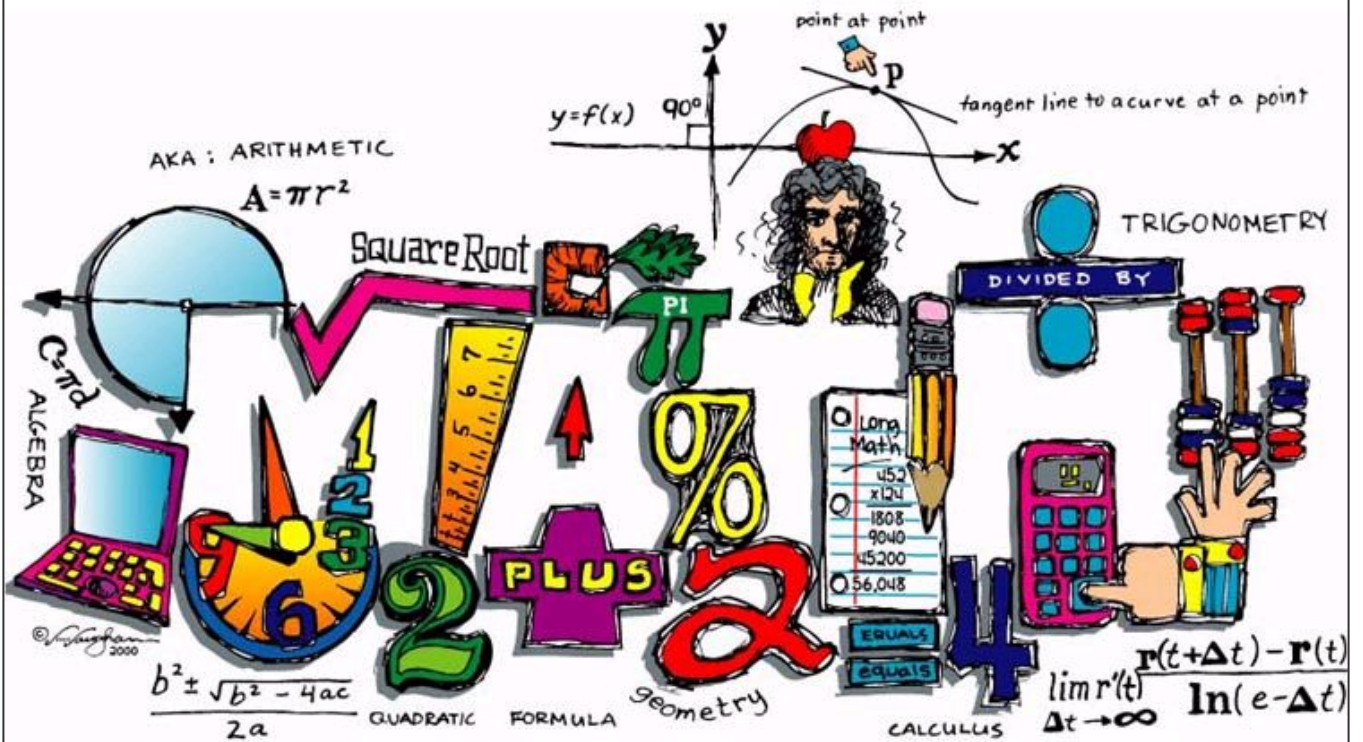

- Inequalities
- Polynomials and Factoring
- Linear Functions and Inequalities
- Ratios and Proportions

## Algebra I

- Systems of Linear Equations and Inequalities
- Operations with Polynomials
- Factoring Polynomials
- Quadratic Functions

Mrs. Holm  
 Middle School  
 Math Teacher

It's such a blessing to be teaching another year of math at St. Peter's School. I am looking forward to another wonderful year with such amazing students.

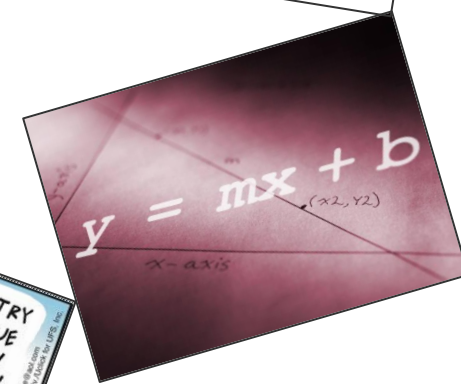

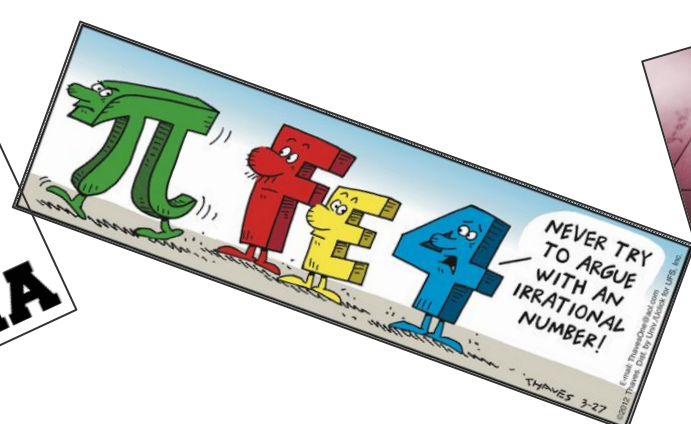

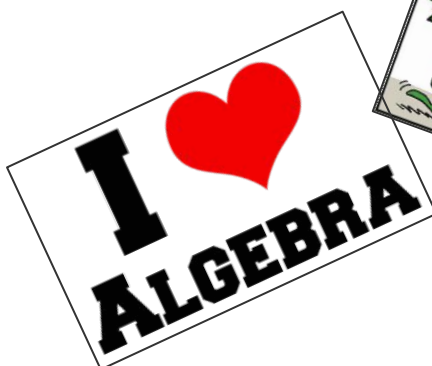

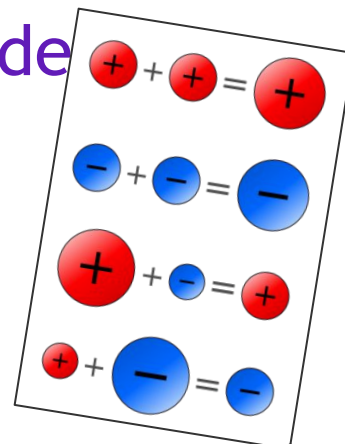

# WHAT ARE WE LEARNING ABOUT THIS FALL?

## 6<sup>th</sup> Grade

- Number Sense, Addition, and Subtraction
- Multiplication: Whole Numbers and Decimals
- Division: Whole Numbers and Decimals

## 6<sup>th</sup> Grade Accelerated / 7<sup>th</sup> Grade

- Integers
- Expressions and Equations
- Inequalities
- Rational Numbers: Decimals

# WHAT ARE WE LEARNING ABOUT THIS FALL?

## 7<sup>th</sup> Grade Accelerated/8<sup>th</sup> Grade

- Rational Numbers
- Real Numbers
- Expressions and Equations
- Inequalities

## Algebra I

- Basic Concepts of Algebra
- Linear Equations
- Linear Inequalities
- Relations and Functions
